From Decision to Precision - Transforming Pediatric Critical Care

17TH ANNUAL CONFERENCE OF INTENSIVE CARE CHAPTER OF KARNATAKA STATE &

16TH ANNUAL CME-IAP DAVANGERE DR NIRMALA KESAREE ORATION

ORGANISED BY

IAP Karnataka, Intensive Care Chapter
IAP Davangere District Branch
Department of Paediatrics JJMMC,
SSIMS & RC, BCHI & RC, Davangere

WORKSHOP
12th June 2026

CONFERENCE
13th & 14th
June 2026

Venue: Bapuji Auditorium, J J M Medical College, Davangere.

CHIEF PATRONS

Acknowledging the lasting contributions of
Dr Shamanur Shivashankarappa
Member of the Legislative Assembly of
Davangere South Assembly constituency

Sri S S Mallikarjun
Cabinet Minister, Mines & Geology, Horticulture MLA,
Davangere (North), Govt. of Karnataka. Joint Secretary,
BEA. Chairman, SSIMS & RC

Dr Prabha Mallikarjun
Member of Parliament,
Davangere constituency, Governing Council Member,
Bapuji Educational Association Life Trustee, S. S. Care Trust

Sri Samarth Mallikarjun Shamanur
Member of Legislative Assembly
Davangere South.

PATRONS

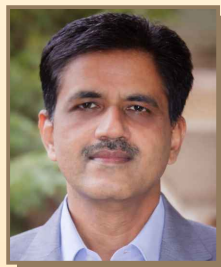

Dr Shukla S Shetty
Principal, JJM Medical College

Dr B S Prasad
Principal, SSIMS & RC

Dr Guruprasad G
Director, BCHI & RC

DR D S KUMAR
Medical Director
Bapuji Hospital, Davangere

Dr Arun Kumar Ajjappa
Medical Director, SSIMS & RC

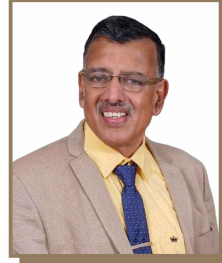

Sri Satynarayan
Director, Administration & Finance,
JJMMC

CIAP OFFICE BEARERS

Dr Neelam Mohan
IAP President 2026

Dr M Singaravelu
IAP President Elect 2026

Dr Vasant Khalatkar
IAP PAST President 2025

Dr Ruchira Maheshwari
Secretary General, 2026

Dr Alok Bhandari
Treasurer 2026

Dr Jose Ouseph
Vice President - South Zone, 2026

KARPEDICRITICON

Welcome to Davangere Karpedicriticon 2026

It is with great pride and enthusiasm that we welcome you to the Pediatric Critical Care Conference at JJM Medical College, Davangere. As we gather in this esteemed center of learning, our goal is to bridge the gap between emerging research and bedside excellence. This conference serves as a vital sanctuary for sharing clinical breakthroughs, discussing complex case management, and fostering professional collaborations that transcend borders.

Together, let us explore the innovations shaping our field and renew our collective mission to provide world-class intensive care for every child.

While you are here, take a moment to experience the warmth of **Davangere**, the '**Heart of Karnataka!**' Known for its rich history as a textile hub and its world-famous **Benne Dosa**, the city offers a unique blend of traditional charm and modern growth.

We hope the local hospitality and culinary delights add a memorable touch to your academic journey.

VENTILATION WORKSHOP

Workshop Co-ordinator: Dr Suheena | 📞 +91 80731 31917

PROGRAM OVERVIEW

This intensive, skill-focused workshop is designed to strengthen the practical competencies of clinicians managing mechanically ventilated children in the PICU. Through a blend of concise lectures and high-yield hands-on stations, participants will gain confidence in ventilator initiation, monitoring, troubleshooting, and disease-specific strategies.

The program emphasizes
bedside applicability, clinical reasoning, and safe ventilation practices.

WHO SHOULD ATTEND

- ✦ Pediatric postgraduate trainees
- ✦ Pediatric critical care fellows
- ✦ Pediatricians involved in acute care and PICU practice
- ✦ Early-career clinicians seeking structured ventilator training

Ideal for: Those who want to move from theoretical knowledge to confident bedside ventilation management.

WHAT YOU WILL LEARN

By the end of the workshop, participants will be able to

Understand core principles of pediatric mechanical ventilation

Choose appropriate initial ventilator settings and modes

Apply disease-specific ventilation strategies

Interpret ventilator waveforms and graphics accurately

Monitor ventilated patients using ABG and capnography

Recognize and troubleshoot common ventilator alarms

Optimize use of NIV and HFNC in children

SCAN TO REGISTER

₹1000 +GST

EMINENT FACULTY

The workshop features an accomplished panel of pediatric intensivists and educators with extensive experience in managing complex respiratory failure in children. The faculty are actively involved in clinical care, academic teaching, simulation-based training, and pediatric critical care research.

KEY HIGHLIGHTS

High faculty-to-participant ratio

Hands-on, case-based learning

PICU-focused practical approach

Small-group rotation stations

Take-home clinical algorithms

SCIENTIFIC SCHEDULE

TIME	SESSION
9:00AM – 9:30AM	Basics of Mechanical Ventilation
9:30AM – 10:00AM	Initial settings and Modes
10:00AM – 10:30AM	Disease Specific ventilation
10:30AM – 11:00AM	Monitoring and Care of patient on the Ventilator
11:00AM – 11:15AM	TEA BREAK
11:20 – 1:30 PM - STATIONS	
STATION: 1	Breath Without the Tube <i>NIV & HFNC Mastery</i>
STATION: 2	First Breath Right <i>Initial Settings & Basic Modes – Normal Lungs</i>
STATION: 3	Know Your Vent <i>Ventilator Parts, Circuits & Respiratory Care</i>
STATION: 4	Reading the Waves <i>Ventilator Graphics Decode</i>
1:30 – 2:30 PM LUNCH	
2:30 – 4:30 PM - STATIONS	
STATION: 1	When the Vent Beeps <i>Troubleshooting & Alarms</i>
STATION: 2	ARDS Lung Rescue <i>Disease-Specific Ventilation – Pneumonia/ARDS</i>
STATION: 3	Small Airways, Smart Ventilation <i>Disease-Specific Ventilation – Bronchiolitis & Asthma</i>
STATION: 4	Numbers That Speak <i>ABG & Capnography Monitoring</i>

ACUTE CARE FOR POSTGRADUATES AND PRACTICING PEDIATRICIANS

Date - 12th June, 2026

Venue - J.J.M. Medical college, Davanagere

Workshop Co-ordinators: Dr Chetan Ginigeri, Dr Harish Kumar

Local Co-ordinator: Dr Priyanka |  +91 72591 88127

Target Audience

Practicing pediatricians, general practitioners, and pediatric residents involved in the initial management and stabilization of acutely ill children in outpatient and emergency settings.

OBJECTIVES OF THE WORKSHOP

Recognize early warning signs of common pediatric emergencies requiring urgent intervention.

Initiate evidence-based stabilization and acute management for critically ill children.

Perform essential emergency procedures and interventions in pediatric practice.

Make timely decisions regarding referral and escalation of care to improve patient outcomes
